

The Payment Process

1. Payment is accepted via credit card (AMEX, Mastercard, Visa) or EFT/ACH Transfer.
 - a. When submitting your entry, you can choose to pay at that time via credit card and submit your entry.
 - b. When opting to make payment via EFT:
 - i. Please contact the Effie South Africa team in order to generate a cost estimate for the entries you wish to submit.
 - ii. Once this cost estimate is received, kindly provide the Effie South Africa team with a purchase order that agrees to the amount on the cost estimate.
 - iii. An invoice will then be generated and sent to you which references the purchase order number.
 - iv. Once payment is received in the bank account (bank account number shown on the invoice) your entry will then be submitted and eligible for judging in the 2023 Effie Awards.
2. Payment and submission must be completed by midnight of the respective deadline date, or **the entry will be voided**, and the entry deadline may be missed.
3. The entry will need to be resubmitted, if the competition's entry window is still open, and this will be at the higher price of the next deadline.
